

# *Flooding in the UK will become even worse due to the heavier rainfall.*

Individually and collectively, we all have a role to play in protecting ourselves and our communities and ensuring that drainage systems are fit for purpose.

Chichester Climate Change Group & Transition Chichester are holding a Meeting addressing the question...

## *what should we do?*

**Wed 7th February, 2.00pm**

**Friends Meeting House, Priory Road. Chichester, PO19 1NX**

*Presentations by:*

**Jane Reeve**

Wetland & Conservation Management Lead, Manhood Wildlife & Heritage Group

**Duncan Keir**

Flood Risk Management Engineer, Coastal Partners, Havant Borough Council

*Followed by a Q&A discussion*
